Before Starting the Project Listings for the CoC Priority Listing

The CoC Consolidated Application requires TWO submissions. Both this Project Priority Listing AND the CoC Application MUST be completed and submitted prior to the CoC Program Competition submission deadline stated in the NOFO.

The CoC Priority Listing includes:
- Reallocation forms – must be completed if the CoC is reallocating eligible renewal projects to create new projects or if a project applicant will transition from an existing component to an eligible new component.
- Project Listings:

  - New;
  - Renewal;
  - UFA Costs;
  - CoC Planning;
  - YHPD Renewal; and
  - YHDP Replacement and Reallocation.

- Consolidations and Expansions Forms – must be completed if the CoC is consolidating eligible renewal projects or applying for new projects to expand the operations of eligible renewal projects.
- Attachment Requirement

  - HUD-2991, Certification of Consistency with the Consolidated Plan – Collaborative Applicants must attach an accurately completed, signed, and dated HUD-2991.

Things to Remember:
- New, CoC Renewal, YHPD Renewal, YHDP Replacement and Reallocation Project Listings – all project applications must be reviewed, approved and ranked, or rejected based on the local CoC competition process.
- Project applications on the following Project Listings must be approved and are not ranked per the FY 2026 CoC Program Competition NOFO:

  - UFA Costs Project Listing;
  - CoC planning Project Listing;

- Collaborative Applicants are responsible for ensuring all project applications accurately appear on the Project Listings and there are no project applications missing from one or more Project Listings.
- For each project application rejected by the CoC, the Collaborative Applicant must select the reason for the rejection from the dropdown provided.
- If the Collaborative Applicant needs to amend a project application for any reason, the Collaborative Applicant MUST ensure the amended project is returned to the applicable Project Listing AND ranked or approved BEFORE submitting the CoC Priority Listing to HUD in e-snaps.

Continuum of Care (CoC) New Project Listing

Instructions:

To upload all new project applications submitted to this Project Listing, click the "Update List" button. This process may take a few minutes based on the number of new projects submitted by project applicant(s) to your CoC in the e-snaps. You may update each of the Project Listings simultaneously.

To review a project on the New Project Listing, click on the magnifying glass next to each project to view project details.

To view the actual project application, click on the orange folder.

If you identify errors in the project application(s), you can send the application back to the project applicant to make the necessary changes by clicking the amend icon. It is your sole responsibility to ensure all amended projects are resubmitted, approved and ranked or rejected on this project listing BEFORE submitting the CoC Priority Listing in e-snaps.

WARNING: If you amend project applications back to project applicants to make changes or corrections in e-snaps, you must approve the resubmitted project applications. If you do not approve the resubmitted project applications, they will not be included on your CoC's Priority Listings, which could result in your CoC losing funding. HUD lacks the authority to fund projects unless they are included on the Priority Listings, which informs HUD which projects your CoC is prioritizing.

1	Tarrant County Homeless Coalition	CoC HMIS	HMIS	Tarrant County, TX	TCHC serves as the HMIS Administrator for TX-601 and utilizes Green River as its HMIS system. TCHC transitioned to Green River from ETO Social Solutions in April 2024. Green River fulfills all HUD requirements for data collection and program/system level reporting. TCHC worked to add a front-facing outreach contact form with a Geographic Information System (GIS) pin location for clients, which continued in the Green River system. This form has been used for every PIT count since 2020 and allows service providers to locate clients for enrollment in housing. 2	Tarrant County Homeless Coalition	CoC Coordinated Entry System	SSO-CAS	Tarrant County, TX	TCHC has administered the TX601 Coordinated Entry (CE) System since 2014. TCHC modified CE to make it easier for people to access housing in 2022 with a new housing application that will help better match people to RRH, PSH, or other interventions based on if the client is willing and able to work and the client's unique strengths and barriers. The new housing assessment also helps determine what type of housing, housing location, and other needs of clients to increase the efficiency of voucher assignment and housing search. The overarching goal of this tool is to reduce the number of days to housing with CE services.	Tarrant County, TX	2601 Scott Avenue, Suite 504 Fort Worth, TX 76103	$517,832	$ 546,224
